Flood your home  
with natural light

### **Living spaces with wow factor**

Imagine creating a stylish new living space that's flooded with natural light. Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too. Some would call it the 'wow' factor. We call it Skypod – an innovative pitched skylight range that's been created for today's style-conscious homeowner.

in Anthracite Grey

## Aspirational living spaces

Go large to create an impressive feature on your flat roof – maximising the natural light in your room

# Skypod

In the past, lantern roofs were the preserve of high-end properties. These were not only expensive, but the slightly 'industrial' design wasn't to everyone's taste. That's why we created Skypod. As well as offering outstanding looks, it costs less – and provides the perfect match for your existing PVC-U windows and doors.

*no side rafter option for  
unimpeded views*

Skypod Lantern Roof  
in White with no side rafter

Skypod Lantern Roof  
in White

## Enjoy larger glass areas

With its clean lines and sleek looks, a Skypod lantern roof will add real height and volume to your room. And thanks to a no side rafter option, you can enjoy unimpeded views.

## An energy efficient solution

Skypod can achieve exceptional U-values as low as 1.0\* – this helps minimise heat loss, meaning that you can save money on your heating bills.

# Skypod Square

in Anthracite Grey  
with White interior

## A real statement

Skypod<sup>sq</sup> allows you to make a real statement with its symmetrical architectural styling.

## Perfect for home extensions

Looking to extend? Make a stunning feature of a flat roof with Skypod.

# A perfect square

## **Whatever the size, Skypod squares up**

Whether you're looking for a small rooflight or large gazebo-style lantern roof, there's a solution for you. Our new dedicated frame system means that rafter bars line-up perfectly, whatever the size.

# Skypod Acute

*35 degree roof pitch to  
maximise light into your home*

  
Skypod Acute  
in Anthracite Grey  
with White interior

# A new angle on the lantern roof

Skypod lantern roofs are great if you've got a flat roof big enough to take a full lantern. But what about the homes with smaller extensions and outhouses crying out for a little natural light? Well that's where you need Skypod Acute. Skypod Acute is a new Skypod design, with a 35° pitch instead of the usual 20°. That means it can be made in much smaller sizes (right down to 0.5 x 0.5m) and fitted to a much smaller roof while maximising the amount of natural light into your home.

## Aspirational living spaces

Create an impressive feature on smaller flat roofs and maximise natural light in your home.

## SKYPOD ACUTE

# Skypod Black Edition

NEW

# The easy way to add more class to your glass roof

Introducing the brand new Skypod Black Edition. Designed with a premium matt black frame that looks great, is high quality and easy to install.

Like the rest of the Skypod range, this sleek, modern lantern roof has been designed to meet the demands of design-conscious buyers.

Style-savvy people who want to let more natural light into their flat roof extension or garage conversion, but also demand contemporary design that works in harmony with your living space.

### **Premium finish**

Because we've used an aluminium frame and aluminium ridge and rafter cappings, the Black Edition offers a premium quality matt finish, for years of faithful service.

### **Multiple design options**

Eurocell Skypod Black Edition is available in a range of stylish options, helping you make light work of the most demanding design and installation requirements
